## ANTIOCH WOMEN FLOCK TO ATTEND COOKING SCHOOL

### Demonstrations & Lectures Are Declared Most Interesting

The free cooking school, an unusually fine attraction offered to housewives of the community at Antioch high school last Friday afternoon and evening, was attended by a record gathering of women from Antioch and neighboring vicinity. The school was sponsored by local merchants in cooperation with Ray Eddy, local dealer for the Roy Fancher Co., Evanston, distributors of Pyrofax and Magic Chef gas ranges.

The two sessions were conducted by Miss Loretta Gray, New York Dietitian and domestic science specialist. Miss Gray presented numerous advances made in the culinary art by science and by the gas range in particular.

#### Baking Demonstrations Appeal

Of especial interest to the members of the audience were the actual cooking demonstrations during which Miss Gray with maximum of efficiency baked a ginger snap custard pie, and a silver and gold cake. To illustrate the advantages of gas heat, she also broiled lamb chop, vegetables, pineapples and a banana, basting them all with Worcestershire sauce.

A display of the very latest in kitchen equipment, loaned for the occasion by local merchants, was used to illustrate new possibilities in the culinary art for those possessing these efficient devices. Recipe booklets were distributed at each session.

Included in the lectures was a talk by Miss Gray upon the curative and preventative diets and their relations to the subject of correct preparations of food.

**Mrs. Dickey Wins Range**  
The grand prize, a new Magic Chef gas range, supplied by the Roy Fancher Co., Ray Eddy, and the Home Gas Equipment Co., was won by Mrs. Bert Dickey, of Antioch.

Other fortunate winners of the valuable prizes donated by the Antioch business men were: Mrs. Roy Williams, Mrs. Richard Slyster, Helen Burnette, Mrs. S. Boyer Nelson, Mrs. Sine Laursen, Mrs. E. J. Gnaedinger, Beatrice Sherwood, Lake Villa, Mrs. Mrs. H. A. Radtke, Mrs. L. B. Grice, Fred Crabb, Mrs. Sol La Plant, Lillian Bartlett, Elsie Pape, Mrs. Michael Himens, Mrs. George Bartlett, Mrs. John Pacific, Mrs. Evan Kaye, Mrs. Nason Sibley and Mrs. L. Cran dall.

### No More Cases of Measles Reported

Fears for an epidemic of measles in this community were partially allayed this week, when Dr. H. F. Beebe village health officer said that no more cases of measles had been reported, and but one new case of mumps.

However, Dr. Beebe said that he was sure that there were a few cases of measles in the community which had not been reported. To safeguard the health of the community and to prevent a further spread of the contagion, he urges that all possible care be taken in observing quarantine and reporting illness.

### James Lynch Is Appointed New Co. Game Warden

James Lynch of Fox Lake was appointed to succeed Thomas Hogan of Boone county as a game warden of Lake County in the distribution of Democratic patronage.

Reasons for the shifting of the patronage were attributed to the growth of the Democratic party strength in Lake county and the insignificance of the party in Boone county.

### Anderson Has Cyst Removed from Eye

C. K. Anderson, president of the First National Bank, underwent a slight operation upon his eye in Chicago Monday, when he had a cyst removed from the eyelid of his right eye. The cyst was caused by an infection which began in Florida several months ago, recently becoming aggravated.

### Antioch Team Wins in State Contest

High School Poultry Judges Place

Third

Against a tremendous competition of 190 teams from the various high schools of Illinois, the Antioch Poultry Judging team placed in third position at the Annual State Judging Contest held at the University of Illinois last Friday and Saturday.

The Antioch team was represented by Edward Paske and Ward Wilton. They tied for tenth place in Friday's judging, but in the finals made such an excellent record as to improve their score to third rating.

Edward Paske placed eighth among the 306 boys in the poultry division.

Antioch's other teams also made excellent scores. However, they were not among the first ten ranking teams. The all-around score for Antioch was 3,422 points and placed them in 19th position among the 190 schools represented or in the upper ten per cent.

The Grain Judging Team had Paul and James Nielsen for team mates. Paul tied for first honors in the judging of soybeans during the first day. The members of the Corn Team were Frank Verkest and Vincent Paddock.

The Fat Stock Team had Glenn and Willis Griffin and Harry Hall as members, while the Dairy Cattle Judging Team was represented by Kenneth Hills, Howard Wells, and Howard Bonner.

It was the largest state contest ever held, 1939 boys competing in all divisions.

The five teams were coached by C. L. Kull, Instructor of Vocational Agriculture and Future Farmer Adviser at the Antioch High School.

### Two Major Leaguers to Pitch in Keller- House of David Game

Nick Keller announces a game of great appeal to baseball fans scheduled for next Monday when his ball club meets the House of David outfit at the Weiss Field, Waukegan.

Frank Smith, a former Major Leaguer, will pitch for Keller's Club, pitting his strength against Alexander, also a former Major League star who will hurl for the House of David.

The game was scheduled originally for next Tuesday, but will be played a day earlier at 6:15 daylight saving time.

### Mr. and Mrs. James Babor Wed 40 Years Ago

### Sixty-five Relatives Sur- prise Couple on Anni- versary

Mr. and Mrs. James Babor were honored by sixty-five close relatives last Sunday when they celebrated their fortieth wedding anniversary at their home.

The couple were married in Chicago in 1894. They were in the meat market and saloon business in Chicago until 25 years ago when they bought and moved to the farm opposite St. Mary's Church of Bristol. After farming four years they moved to Antioch where Mr. Babor built and conducted the Antioch Packing House for a few years. The brick bungalow just north of Antioch had been their home for twelve years, when they returned to their farm which they now reside.

They have three children, Bess, Anne and Edward, and four grandchildren, Edward and Lillian Cerny and Vivian and George Malek, Jr. The children secretly arranged for the celebration.

### Laurel Powles Is Wed Yesterday

Another June wedding was made known yesterday with the announcement of the marriage of Laurel Powles, son of Mrs. C. A. Powles, and Ms. Mollie Barth of Kenosha.

Details of the wedding are not known, as the members of the immediate family were not present. The couple left on their wedding trip yesterday.

Powles, who has been employed at the Antioch Sales and Service Garage for several years, is well known in Antioch. It is believed that the couple will make their home here.

## WILLIAM WATSON PASSES AWAY AT DAUGHTER'S HOME

### Was a Millburn Farmer and Lake Villa Resident for Many Years

William Watson, 87, father of Mrs. C. F. Richards, Antioch, passed away at the home of his daughter, Mrs. Florence Cook at Mundelein Tuesday evening, after an illness of many years.

Funeral services will be held at the Strang Funeral Home tomorrow afternoon at 2:30 daylight saving time, with Rev. Arthur Jevne, Mundelein, and Rev. L. V. Sitter officiating. Interment will be in the Home Oak Cemetery, a mile east of Loon Lake. Born in Scotland

William Watson was born in Scotland July 2, 1847, and came to America with his parents while still a small child. With the uncertain passage of those days, the boat went astray, and was three months crossing the Atlantic, finally landing on the Canadian coast.

Leaving Canada, he came with his parents to Chicago, and from there came to the present Burdick farm northwest of Millburn, where he spent his boyhood days. He was graduated from the Waukegan High School, after enduring many hardships in his efforts to secure an education. Every Monday morning he made the 15-mile trip to Waukegan on foot.

He was united in marriage to Miss Edna Spring June 26, 1872, after which he and his wife made their home for a time on a neighboring farm. They moved to the White farm, now owned by Gorm Anderson, in 1885, where they spent nine years, until moving to Lake Villa in 1894.

After moving to Lake Villa, he worked for a number of years at the lumberyard before retiring.

For the past six years he has been at West Pullman in Chicago, but since Decoration Day, he has made his home with his daughter in Mundelein.

He was preceded in death by his wife in 1896, and by three sisters, Mrs. John Pollock, and Margaret and Belle Watson.

Surviving him are two daughters, Mrs. Charles Richards of Antioch and Mrs. Florence Cook of Mundelein; a sister, Mrs. Eliza Ross, Los Angeles, Calif.; and several grandchildren, including Mrs. Nelson Drom and Miss Daisy Richards, Antioch, and Vera Belle and Irene Cook, Mundelein.

### Firemen Save Truck Load of Furniture

J. P. McGee, 4721 Wastinaw avenue, Chicago, arrived in Antioch late yesterday afternoon at a most opportune time with his truck load of furniture which was discovered to be on fire when he pulled up on South Main street opposite Murrie's service station.

Small chemical extinguishers held the fire in check until firemen were called to the scene when the flames were quickly extinguished. Had the fire started far from town McGee would have been out one load of furniture and his truck. His only explanation of the fire was that possibly a lighted cigarette had been tossed from a passing car. McGee was on his way to his summer home on a Wisconsin lake.

#### Grass Fire Reported

A call received from Channel Lake, about 12:30 Monday afternoon was cancelled a few minutes later, when it was found that a small grass fire which was threatening cottages in the subdivision near the Howard Smith place had been brought under control.

### New Atterberry Store Is Leased to Bakery

One of the newly remodeled stores in the Atterberry building on North Genesee street, Waukegan, has been leased to the Rasmussen bakery this week, according to Carl Atterberry, former alderman and owner of the building.

The three-story structure was completely remodeled following the \$15,000 fire more than a year ago that gutted the old building.

Mrs. H. P. Lowry has been quite ill for the past week.

Rudy Eckert spent Sunday at his home in Burlington, Wis.

### Will Show Sports Movies at Haling's

Here's a man who enjoys sport in all its many forms and who has shown equal skill with gun and camera. He is Otto H. Questch, retired sportsman of Chicago, long time friend of Charles F. Haling, Sr., of Grass Lake.

Questch, a skillful photographer, has devoted much of his time in making moving pictures of wild life, hunting and sporting events, and he has one of the best collections of these pictures in the middle west.

Local sportsmen will have an opportunity of seeing these pictures next Saturday night at Haling's Resort, Grass Lake, when Mr. Questch will bring his valuable collection to the local resort. As an added attraction, Chas. Haling, Jr., proprietor of the resort, has promised an extra good fish fry. These events are held every Friday and Saturday night at Haling's.

## THREE TEAMS TIED FOR FIRST PLACE IN SOFT BALL LEAGUE

Lake Villa, Grass Lake and Allendale are leaders of the Chain O' Lakes soft ball league, while Antioch, Fox Lake and Carl Anderson's team vie for the cellar position, league standing disclosed following this week's games. Each team has played three games.

Won Lost

Lake Villa	2	1
Grass Lake	2	1
Allendale	2	1
Antioch	1	2
Anderson's	1	2
Fox Lake	1	2

Friday night Antioch expects to get out of the cellar and go into the first division by defeating Allendale. The game will be played at the high school field.

## THREE ARE INJURED IN AUTO COLLISION

### Marvin Van Patten, Dorothy Hunter and Otto Hanson Slightly Hurt

Three Antioch young people and a Grayslake girl were injured early this morning about 12:30 near Grayslake when involved in a collision on their way home from a dance. The four are: Marvin Van Patten, Otto Hanson and Dorothy Hunter, Antioch, and Catherine Huckster, Grayslake.

The accident occurred just north of Rollins corner on Route 21, when a south-bound car driven by a Peter son boy from near Libertyville swerved into the wrong lane of traffic, causing the collision. Both cars were nearly demolished.

The Antioch trio were brought into Antioch, where Miss Hunter was treated by Dr. David Deering for a deep gash in her hip, and the scalp wounds of the boys were attended to by Dr. W. W. Warriner. Van Patten had two stitches taken in his head, and Hanson had seven taken in his forehead. Miss Huckster received a number of bruises.

The four had been to a dance at round Lake, and were headed for Antioch when the accident occurred. Van Patten was driving a Chevrolet sedan, which was almost totally wrecked. It was not insured.

### Bride and Groom Given Firetruck Ride

Mr. and Mrs. Hugh Galbraith were given a ceremonial ride on the fire truck Monday evening, as a token of respect from the firemen in honor of the marriage of the young couple last week. Mrs. Galbraith is the daughter of Fire Chief Stearns.

Following the ride the firemen held a party and general get-together with the groom.

Mrs. Charles Van Patten was taken seriously ill at her home on Lake street last Saturday. Her daughter, Georgia, who was called from Chicago, arrived here Sunday evening.

Rudy Eckert spent Sunday at his home in Burlington, Wis.

### Ziesing's Cow Makes New Official Record

Peterboro, N. H.—A Guernsey cow owned by August Ziesing of Deerfield has just finished a new official record for production which entitles her to entry in the Advanced Register of the American Guernsey Cattle Club. This animal is three and one-half years old. Warior's Pearl of Thorn Hill 286342 with a production of 11352.1 pounds of milk and 548.5 pounds of fat in class D.

## LOU PLUMMER SAYS HE'LL FLATTEN JIM IN RECORD TIME

### Both Grapplers Rounding Into Form for Mat Battle

Lou Plummer, Waukegan mat star, matched with Jim McMillen for the heavyweight championship of Lake county at Renchman's arena June 29, has wired from his training quarters at Evansville, Ind., that he expects to flatten that "cream-puff" from Antioch in record time. That was his message to Promoter "Peg" Behning this week.

Neither McMillen nor Plummer will be defeated because of either being in poor physical condition, according to Matchmaker Leslie White, who states that both athletes are planning to cancel several other bouts which might interfere with their training period for this important bout.

Plummer has been secretly training since last week when his Antioch rival accepted his challenge to meet him and end their long six year dispute. Lou has started working out at his temporary home in Evansville, but he plans to come back to his home town at least five days prior to the match and make Renchman's his training headquarters.

McMillen still has several bookings to fill before he can take time out for a three or four day training period. As the Antioch flash is always in excellent shape, only a few days will be necessary to put him into the pink of condition.

Plummer is getting into shape by wrestling several nights a week all over the country. Lou has hired an expert trainer who is putting him through the paces at Evansville.

Every morning before breakfast, Lou goes out for five or six miles of road work. After breakfast he has a rest period and then goes to the gym to maul a few heavyweight training partners around the ring for a couple of hours.

In the afternoon he takes a swim or chops wood for general exercise.

With interest in the Plummer-McMillen go at a peak, the fans' attention will also be attracted by the remaining three bouts on the card.

Charles "Bucket" Goldberg, Green Bay Packers' football star and Milwaukee's newest wrestling sensation, has been signed by Matchmaker Les White to appear on the semi-windup. Although an opponent for the Jewish star has not yet been selected, one will not be difficult to find as "Bucket" is willing and ready to meet any grappler the matchmaker selects.

With three top-notch wrestlers already signed, White is working hard to make this card the most attractive wrestling morsel ever offered in Lake county.

The choice seats for this championship contest may be purchased in advance at the Antioch News office, Renchman's Lodge, McMillen Hardware Store in Grayslake, or Ray Smith's Shoe store in Libertyville.

Reservations may be had by phoning either Round Lake 10

## THE PAST AND THE PRESENT

"No system is perfect," said Cassius E. Gates, past president of the Seattle Chamber of Commerce recently. "Certainly wrongdoers should be punished. Abuses should be corrected. . . . Wise governmental regulation . . . is needed in many directions—but it is not necessary to destroy that which we gained in a century and a half of progress, nor is it necessary, in the desire to cure one evil, to go so far as to destroy the fundamental rights of institutions and of men."

All genuine progress must be built upon the foundations of the past—on that which has been learned through trial and error and long experience. Change which dismisses the past as being entirely unworthy of consideration must inevitably do great damage and little permanent good. To keep that time has proven valuable and worthwhile, while eliminating that which is inimical to the common welfare, is the purpose of the patriotic American.

Today we have an excellent example, in many countries, of what uncontrolled zeal to make changes can do. Germany, Italy, Russia, come to mind and the fact that unbiased observers forecast that present systems of government in those powers will either collapse or be entirely overhauled, is significant. Human rights were abrogated, traditions were forgotten, dictatorships with a vast lust for power were set up—and a feeling of rebellion grows constantly in the hearts and the minds of their peoples.

We are seeking to do great things in America. We can do them only if we temper the theories of the present with the experience of the past.

## DON'T PAY TOO MUCH

Money in a sufficient amount to meet man's needs is very necessary. Time spent in earning money which is not needed is wasted. There is such a thing as paying too much for your money. What good is a million dollars to you when your friends peek at you through glass and murmur, "Doesn't he look natural?"

WILMOT SCHOOL  
ELECTION WILL BE  
HELD SATURDAYChicken Thieves Active—

The annual high school meeting and election of officers will be held at the school Monday, June 25. The voting will be from 1:00 to 8:00 p.m., and business meeting directly afterwards.

Eugene McDougall had over 50 chickens stolen Tuesday evening.

Miss Mildred Berger, Commercial teacher at the High School, accompanied Stella Karcher, Miss Memler and Mariel Dean, of Bassett's on a motor trip to Boulden, Colo., last Thursday. Miss Dean is to study vocal music at the Boulder university for six weeks.

Grant Tyler is working for the Carey Electric Co., at Twin Lakes.

Leo Sauer, Kenosha, and his son and an unidentified man were very fortunate in escaping with their lives when something broke in the steering gear of the coupe. Mr. Sauer was driving on the state line road near the Paul Voss farm Sunday afternoon. The car turned over in the ditch and immediately burst into flames. A window was open in the car and all three occupants crawled to safety just ahead of the flames.

Mrs. Fred Boulden and Harold Boulden, of Burlington, and Mr. and Mrs. Oliver Mathews of Antioch were Sunday guests of Mrs. Hannah Boulden and Mary Boulden.

Mr. and Mrs. J. A. Nolan of Oak Park were at Carey's Sunday. Mrs. Nolan remained until Tuesday.

Erminie G. Carey has been ill and under the care of Dr. R. Mullen.

Mrs. Ray Button entertained Mrs. Florence Lewis and Mrs. Frank Burroughs for the day Saturday.

Mrs. George Faulkner is to be hostess to the M. E. Ladies' Aid at her home on Thursday afternoon.

Mr. and Mrs. Will Miller of Genoa City were guests Sunday of Mr. and Mrs. David Kimball.

Mr. and Mrs. Herman Frank and Mrs. Ida Mecklenburg and son, Lyle, were at Wheeling Sunday to sail on Fred Frank and Raymond Horton. Mrs. Frank is a patient at the Highland Park hospital.

There will be English services with communion at the Peace Lutheran Church Sunday morning at 9:30.

Rev. and Mrs. S. Jedele, Rhoda and Norman Jedele were at Oak Park Monday afternoon for the funeral services of Fred Witt. Mr. Witt had a summer home at Channel Lake and attended services at the Lutheran church in Wilmot during the summer months.

Many a man, believing that the accumulation of money is the measure of ability, has struggled all his life to arrive, and then finds that there is nowhere else to go. The place he has arrived at isn't one-two-three with some of the places he passed by when the "Go Slow" sign meant nothing to him.

While it is yet time suppose we all decide not to be in such a hurry nor so busy. That we will take time to enjoy the pleasant things of life as we come to them. That we will give generously of our time to our fellow men who toil alongside us on this journey, and by so doing, we will all be greatly benefited.

## DEMOCRATS AND HI-COST

One of the faithful standbys of Democratic orators for decades will be sorely missed by old timers during the campaign for the election of a new Congress in November, 1934. This is the cry that "the high cost must come down" and that it would be brought down, by heck, if only the people would trust to their old friend the Democratic Party to bring it down. Usually the scapegoat was the Republican tariff. Remove the Republican Party from control of the government and every housewife in the length and breadth of the land would instantly feel the result of the lower cost of the market basket of the average household. It was great stuff. And sometimes it went. In 1912 the Democratic platform declared that "the high cost of living is a serious problem to every American home." A Democratic President having been elected in that year and the cost of living having doubled during the following eight years of Democratic rule, nothing was said on the subject by the Democrats in 1916 and 1920. But in 1924 they were at it again. "The high cost of living is causing hardship and unrest," they asserted.

## DROUGHT AND THE BRAIN TRUST

Nature has made the "Brain Trust" appear rather ridiculous. Fearful of overproduction, the "trust" has sought by every means to curb farm production. Not only was acreage restricted, but crops ploughed under. Then suddenly comes the drought. The West, particularly the wheat belt, is his worse than it has been for twenty-five years.

Famine is not as yet a grave possibility. Another lean year or so, however, would make it entirely within the realm of reason.

The drought probably will cause the "Brain Trust" to do a little more figuring. Unfortunately agriculture never can be made an exact science. The good economists, in figuring out the next crop, should give greater consideration to fickle Mother Nature.

## Precious Prehistoric Jewelry

Precious prehistoric jewelry, including 1,140 pendants, was discovered in opening of fourteen rooms in the ancient Indian city of Kinishba, near Ft. Apache, Ariz., according to a report of archeologists.

## SUMMER RESIDENTS ARE RETURNING TO LAKE CATHERINE

Girls Overtake in Sailboat;  
Anderson's Motorboat  
Comes to Rescue

Two girls, Miss Marie Cepak and Miss La Vergne Bell, escaped serious injury Monday afternoon about 2:30 when the sailboat "The Clipper" in which they and George Novak were sailing, turned over near the middle of the lake.

According to Miss Cepak, who was attempting to learn to sail the boat, the water entered the boat after a sudden wind flurry, and all three leaned toward one side, causing the boat to turn turtle.

Frank Nejdil and a companion rowed to the scene in a row boat, but it was not until the trio had been in the cold water for about fifteen minutes that they were rescued from their plight by C. K. Anderson in his motorboat.

Mr. and Mrs. F. Cerny of Chicago are visiting Mrs. Gordon Stewart at her cottage.

Walter and Paul Fischbhart returned to Bloomington Tuesday morning after spending a few days visiting Mrs. Ernestine Robbins.

Mrs. James Humel will attend the funeral services for her aunt, Mrs. Emily Tomec, of St. Petersburg, Florida, to be held in Riverside tomorrow.

Arthur J. Graham, Chicago, is spending the summer at his cottage.

John McConnell and Bob Russell, Lake Catherine, are visiting at the McConnell home in Oak Park.

Mrs. W. J. Rooney and son, William Rooney plan to spend the summer in their cottage in Cermak's Subdivision.

The North Shore Tavern opened June 9, with a large crowd.

Wm. Brandt and family, Chicago, are out for the summer.

The Zetzl cottage in Cermak subdivision is occupied by the Storkan family, Chicago, this season.

Mrs. E. Morton, Chicago, is out for the season on Gill's estate.

Mrs. Emily Bezhloba and daughters spent the weekend at the lake.

Norbert and James Jamisch and guests are spending the summer at the lake.

Mr. and Mrs. Valentine Schaefer, Chicago, arrived Monday to spend the summer months.

Mr. and Mrs. B. Gerhard, Chicago, are renting the Held cottage for the summer.

## "He careth for you"

IT IS related of "Christian," in "The Pilgrim's Progress," that he began his journey to the Celestial City bearing on his back a great burden, but that it rolled away from him when he had gone far enough to behold the saving love of Christ. As we journey through this earthly experience, it seems sometimes as if we, too, were weighted with a heavy burden which we feel is our duty to carry, although it greatly impedes our progress. What a relief it would be to get rid of this incubus, to learn that we may pursue our way unencumbered, and find all our needs abundantly supplied so long as we do not wander from the right path!

"Cast thy burden upon the Lord, and he shall sustain thee," said the Psalmist. Many instances of this sustaining love, experienced in ancient times, are recorded in the Bible, and many more might be recorded in our day; for those who obey the Scriptural command, "Humble yourselves therefore under the mighty hand of God, . . . casting all your care upon him; for he careth for you," are learning that God does care for His creation.

Christian Science is teaching many a one to undo the heavy burdens of care and anxiety by gaining a clear understanding of what God really is. On page 465 of "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love." As we become conscious of the all-embracing, all-sustaining divine Mind, which is always present everywhere, the nature of which is wholly loving, just, and true, we lose the fear of being crushed by oncoming evils. So we become braver, for on every side we see evidences of the presence of good. Persons who had long ago been taught that God is love and now we can prove it. Even human parents would not willingly burden their children. Can the human be more loving than the divine? Is not God the source of all real love? Man cannot be more just, more loving, than his Maker. Cast your burden, all your care, upon Him, divine Love, "for he careth for you."

What is our special burden? Is it one of anxiety for our business, fear of its future and for that of our staff, our employees? Let us cast all our care upon divine Mind, for divine Intelligence supplies us from day to day with the justice, honesty, resourcefulness, wisdom, courage, and opportunity which we need. Truth

corrects our mistakes, encourages our efforts for reform, and supports us, for He ever sustains all His children. Are we carrying a load of loneliness? Even if we are in a solitary place, divine Love is there to make the solitude glad with the revealing of that truth, which the physical senses cannot perceive, to enrich our thought and lift it above self, so that we can emerge from our present condition with open arms and giving hands, happier and more useful than we have ever been.

Is poverty trying to crush out our freedom and our joy? Are we looking to material sources for supply? If so, we are finding but little. Let us look up; seek first the kingdom of heaven, and we shall find it, because it is just at hand. Then we shall find also enough of whatever is required to supply our daily need. But if both hands are holding on to burdens, how can blessings be grasped? We cannot grasp the blessing without dropping the burden. Which shall it be? Just for today let us reach out for the love, the joy, the peace which God is holding out to all, and our outstretched hands will let go their load. Let us keep reaching out for blessings, and we shall not be tempted to pick up again the burden we have dropped.

Are we weighted down by weariness, sickness, or pain? "Come unto me, all ye that labour and are heavy laden," says the healing Christ, "and I will give you rest. . . . For my yoke is easy, and my burden is light." Not time, nor place, nor creed, nor race, is any barrier to the ever present Christ. Let us accept the health and strength which we inherit as children of God, and face each day with confidence, "for he careth for you."

We need not let grief rob us of the smiles which we owe to our fellow men. God gives joy instead of mourning. He teaches us that Love, alone in Life, is ever present Life of all His great creation. Rejoice always, because "he careth for you," and for them. In ancient times the Jews were allowed to carry no burden upon the Sabbath day. Let us resolve to keep every day holy, and to carry only what comes to us from the hand of divine Love. Then we shall be free and unburdened. We shall be free from the false sense of self, and so be better able to undo the heavy burdens of our neighbors, helping them to cast all their care on Love divine, gently reminding them that "he careth for you." —The Christian Science Monitor.

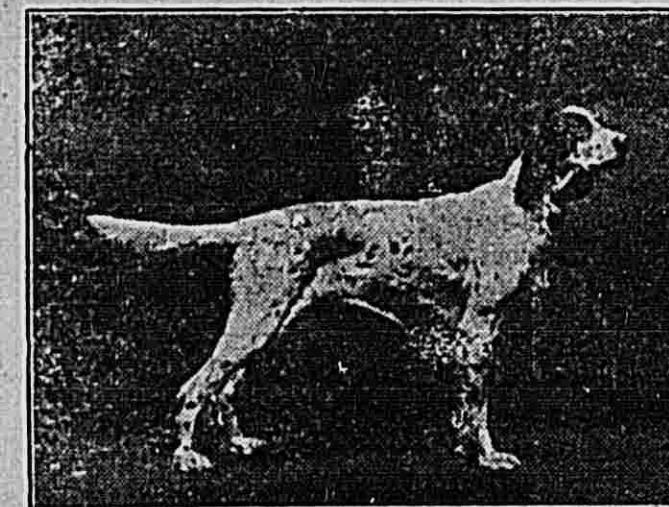

## Many Breeds of Dogs—How to Feed Setters

Nearly every human being is interested in dogs. No other animal is so friendly, so understanding, so pleasant to have about as a good dog. Many varieties of dogs have been developed. New breeds are announced nearly every few years. Older breeds are improved.

In the large dog shows often as many as a hundred different breeds are represented, varying in size from the giant Saint Bernard, weighing around 250 pounds, to the tiny Chihuahua. There are long-legged dogs, short-legged dogs, heavily furred,

black, white, tan, orange, or lemon. Irish Setters are a little more high-strung in disposition. When well-trained, they are unexcelled as hunting and field dogs. Their color is a rich golden chestnut, no trace of black.

The Gordon Setter in the bottom illustration was originally more delicate in structure than either the English or Irish Setter. He has now been bred to a sturdiness necessary for a hunting dog. The males will reach a weight of 22 to 25 inches; females slightly less. His color is coal black with tan

straight-haired, and some with hardly any hair at all. How to tell different dogs apart, and to note the characteristics that differentiate one from the other is an interesting study. Through the courtesy of Purina Mills' Educational Division, we are able to present a series of most interesting photographs of breeds of dogs. In the accompanying illustrations are shown three types of Setters, among the most popular of our hunting dogs. The top illustration shows an English Setter, the center one, an Irish Setter, and the bottom one, a Gordon Setter.

The English Setter is the largest and strongest of the setters. His entire make-up shows power to gallop with ease through a hard day's work. Color may be any combination of

markings of rich chestnut and mahogany red.

All setters should be kept hard and in good condition. It is bad practice to allow them to become fat and lazy. The most effective method for keeping valuable hunting dogs in good condition is to eliminate all chances for germ infection by controlling their feed sources. A standard dog food that comes in dry checker form, where every unit of nutrient is under perfect control both as to rich vitamin content and to freedom from contamination, is the method followed by the more successful dog owners. Dog food in checker form is less bother to feed, keeps indefinitely without spoiling, and does not need to be supplemented with other foods.

## CHRISTIAN SCIENCE CHURCHES

"God the Preserver of Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 17.

The Golden Text was, "As birds flying, so will the Lord of hosts defend Jerusalem; also he will deliver it; and passing over he will preserve it" (Isaiah 31:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Preserve me, O God; for in thee do I put my trust. The Lord is the portion of mine inheritance and of my cup: thou mainstest my lot. The lines are fallen unto me in pleasant places; yea, I have a goodly heritage. I have set the Lord always before me; because he is at my right hand, I shall not be moved" (Psalms 16:1, 5, 8, 9).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The divine Mind that made man maintains His own image and likeness" (p. 151).

To Place Fifty  
Families on U. S.  
Subsistence Farms

Fifty families have been selected to live on Lake county government subsistence farms, according to a report made this week by O. A. Newson, Libertyville, chairman of the Lake county subsistence homesteads committee.

The project, which is an experimental "back to the land" movement, will cost the federal government a present outlay of \$150,000 in Lake county. The plan is designed to remove these families from the relief roll and to lessen the number of unemployed.

Each of the families selected is to be given a 10-acre tract of land with suitable dwellings and the necessary livestock and seeds to get a start in the small farm business.

Newspaper revealed that several hundred families in the area made applications for the homesteads. Under the government plan the small farms will cost approximately \$3,000 and the owners are to make small monthly payments over a period of 20 years.

## Delicious Salads For Many Occasions

These delicious salads go well on almost any occasion.

**Shrimp Salad**  
2 cans shrimp  
1 small bunch celery  
1 sweet green pepper  
3 hard cooked eggs  
6 small pickles  
Paprika  
Clean and flake the shrimp. Cut celery and pickles into small pieces and the eggs into halves lengthwise and then across, into small pieces. Mix all together and chill.

Used prepared salad dressing or make a dressing of the following:

1/2 cup water  
2 tablespoons butter  
1/4 cup vinegar  
2 eggs  
1/2 teaspoon mustard  
1 teaspoon flour

Boil together the water, butter, vinegar and sugar. While this is cooking beat the eggs well and add to them the mustard and flour. Stir into the eggs the first mixture, beating well. Put over the fire again and let get thick. Chill and when ready to serve, mix with shrimp and arrange in a nest of lettuce leaves. Sprinkle lightly with paprika and garnish with thin strips of green pepper. Serves ten.

### New Potato Salad

(From a west coast hostess)  
6 large boiled potatoes  
1 bunch celery  
2 or 3 apples  
1 cucumber  
Salt  
Pepper (white)  
Mayonnaise

Cut potatoes in desired sized pieces, toss together with celery which has been diced, cut into dice the apples which have been washed and cored (not peeled) and dice the cucumbers. Dress with mayonnaise, or a whipped cream dressing. Season with salt and pepper. A little vinegar may also be desired. Serves twelve.

### Growing Sweetpeas

Sweetpeas are one of the favorite flowers, but many folks have trouble in growing them. Usually the trouble is in late planting them. The seed can be put in earlier than any other variety. They should be sown in a well-prepared trench so as growth develops dirt can be drawn in around the plants. This provides a good root system, deep enough to be in moist earth at all times. Small twigs can be used to support the plants until they reach the trellis. One of the best methods of supporting the vines is with a frame work on which heavy string or twine has been provided. This is better than wire, since the heat of summer does not burn the tendrils of the growing plants.

Do not seed too thick. A plant to each inch is thick enough.

### BIG END UP

When eggs are packed in cases the big end should always be up because eggs keep better in this position. The reason is that the air cell always forms in the big end. If the big end is placed down, severe jolting will break the membrane, and when such eggs are candled they will be put in the lower grades.

### Dividend Printing

There is one kind of printing that you want—printing that pays a dividend on the investment.

A letterhead with right sort of type properly balanced is a real business asset. It wins the approval of the person receiving your letter, and while he is in this frame of mind your letterhead reads.

The same reasoning applies to any other job of printing. Neatness, the right weight and kind of paper, the color of the ink, the selection of the type, all play an important part in the production of dividend printing.

We are equipped to give you the kind of printing that you want. Let us prove it to you.

## A Favorite White House Dessert

By Mabel Love

### DESSERTS play an important part on the White House menu.

The prune souffle pictured above is a great favorite with the President, according to Mrs. Henrietta Nesbit, the White House housekeeper. Sweet foods are high in energy value; so perhaps a fondness for sweets is partly responsible for the abundance of energy the Roosevelt family displays.

The White House prune souffle is practical, economical and easy to prepare. So that you can try it in your own home, here is Mrs. Nesbit's recipe for it:

### Fresh Pasteurized Milk—A Permanent Pick-Up

Juliette Ware and George Blackwood, Warner Bros. featured players, drink a toast out of milk bottles in the studio's restaurant.

ARE you nervous, tired, feel pretty low at three o'clock in the afternoon, been increasing your quota of alcoholic beverages lately? Better increase your quota of fresh milk too then, because you're going to need a nerve tonic of some sort, and while you're about it you might as well select one that's pleasant to use.

Of course fresh milk is well known as a good "pick-up" after overindulgence. But if you use it regularly in abundance, you'll discover that it's also a "permanent pick-up," helping to counteract the bad effects of post-prohibition evenings, because good old-fashioned milk is a great builder-up of the healthy body that can "take it" and still look young and beautiful on the morning after.

The function of food in preserving beauty is one that has long been overwhelmed and forgotten in the mass of beauty preparations for use on the outside which are constantly being presented to the modern woman.

Beauty Treatments That Are inexpensive and Easy.

And you don't have to go out to expensive bars or beauty parlors to get your beauty foods nor do they cost you forty cents for a few drops. Just sit at home and let the dependable milkman and grocer deliver these inexpensive beauty treatments at your door. Furthermore there is no law about your position while drinking.

### Famous French Palace

The palace of Versailles is mostly the work of Louis XIV. It consists of a central block surrounding the three sides of a large court and of two immense wings, each inclosing two or more courts. The total length of the building with its dependencies is nearly one-half mile. It houses a picture gallery, upon which alone Louis XIV spent \$5,000,000.

**The Brave Can Forgive**  
The brave only know how to forgive; it is the most refined and generous pitch of virtue human nature can arrive at. Cowards have done good and kind actions; cowards have even fought, nay, sometimes even conquered; but a coward never forgave; it is not in his nature.—Sterne.

### Dragoon's Sword Found

What is declared to be a dragoon's sword of the Seventeenth century period, and probably a relic of the Covenanting days, was found at Stonehouse, Scotland, by two school boys. The sword was firmly incased in what appeared to be a leather scabbard, but so rotten that it fell to pieces when the weapon was withdrawn. The blade is hooked, heavily rusted and measures 30 inches from hilt to tip.

## Aces Lose See-Saw Game To Cities Service; 12 to 10

The Antioch Aces dropped a hard fought game to Cities Service team of Waukegan here Sunday afternoon, 12 to 10. Both teams tied the score several times during the game, which appeared exciting in spite of the heavy scoring.

Next Sunday the Aces leave the home grounds to play the Grayslake team at the latter city.

## For the Formal Affair

## CHOOSING FOODS WISELY

By ADELAIDE SPOHN, Ph. D.  
Nutritionist of the Elizabeth McCormick Memorial Fund and Director of Nutrition Service, Illinois Emergency Relief Commission.

## Food Sense Saves Food Dollars

We have reason to believe that proper nutrition is the most important single factor in the maintenance of good health. It behoves us therefore in this present situation when economy has become the watchword of the times, to apply the pruning shears with discrimination. To provide adequate nutrition, the diet of a family must furnish enough carbohydrates, fats and protein to yield the standard energy needs of the various members of the family group. In interest of economy, we must make these the carriers of the other dietary essentials: first, sufficient proteins of good quality for growth and maintenance of body tissues; second, enough of the essential mineral elements; and third, enough of each of the necessary vitamins.

During the World war, when food saving and economy became necessary, Miss Lucy Gillett, of the New York Association for Improving the Condition of the Poor, gave the following advice: Divide your money into fifths and spend one-fifth, more or less, for fruits and vegetables; one-fifth or more for milk and cheese; one-fifth or less for meat, fish and eggs; one-fifth or more for bread and cereals; one-fifth or less for fats and sugars and other groceries. This is still good advice. Many families on restricted incomes would live more economically, and at the same time eat more healthful food, if this plan were followed. If further retrenchment is necessary, this should not be effected by reducing the amount of milk in the diet. The expenditure for milk may well amount to one-third of the week's food budget, and somewhat more than one-fifth should be spent for fruits and vegetables. Cereals, the cheapest source of energy, if well chosen, may also supply some of the important minerals and vitamins and should not be reduced. The saving should take place rather in the other two food groups, namely, meat and fish, and fats and sugar.

The following guide for meal planning should prove helpful:

Every Day.

Milk, a pint for each adult and if possible a quart for each child.

Breads and cereals, such as cornmeal, oatmeal, whole wheat cereals, rice.

Oranges or canned tomatoes especially for children.

Potatoes.

No matter what scheme is followed in planning well balanced diets, milk is of paramount importance and should be given first consideration. It should never be omitted from the diet, no matter how limited the budget may be. The ideal allowance is a quart of milk for every child and for the pregnant and nursing mother. Every one should have at least a pint of milk each day.

Cereals and breads, of necessity, make up the bulk of a low-cost diet. Some whole grain cereals, such as oatmeal, whole wheat cereal and brown rice, should be included, since they are particularly rich in vitamin B, in phosphorus and iron.

Fruits and vegetables are the third essential group of foods. The citrus fruits head the list in importance and should be used generously when they are cheap. Fortunately when this is not the case, tomato juice, either canned or fresh, may take their place. In the diet as a valuable source of Vitamin C. Only fruits and vegetables in season should be chosen. Apples may be bought at a low price during most of the year. Bananas are often cheap and when properly ripened, are an excellent food, even for children. The dried fruits, especially prunes, apricots, peaches and black figs should be used generously. They are cheap and an excellent source of iron. Potatoes should be used at least once a day or even more often in extremely low-cost diets. At least one other vegetable should be provided each day

Patricia Ellis, 16-year-old screen beauty, typifies the natural charm of healthy youth.

**THE** sub deb's complexion problem is hardly a problem at all, for if she follows a healthful diet she can well ignore cosmetics and skin creams. Even such special skin troubles as pimples which sometimes crop up to worry 10-year-olds can usually be controlled by diet abundant in fresh milk, cheese, buttermilk, leafy vegetables, oranges and grapefruit; and low in rich pastries, candy and fried foods.
